Subject: Leavenworth NFH permit

Hi Breean,

I just wanted to let you know that I'm transitioning over as the new permit writer on the Leavenworth NFH permit since Jill Nogi is in a new position at EPA. I was checking in on the status of the 401 cert on the permit and also seeing if you were free tomorrow or next week to have a quick phone call.

As you probably know, the public comment period ended on February 3, 2017, and we got comments from the hatchery and Wildlife Conservancy/Center for Environmental Law and Policy. I'll be working on the response to comments in the next few weeks.

Looking forward to touching base,
Jenny Wu
